

MetropolCon 2023

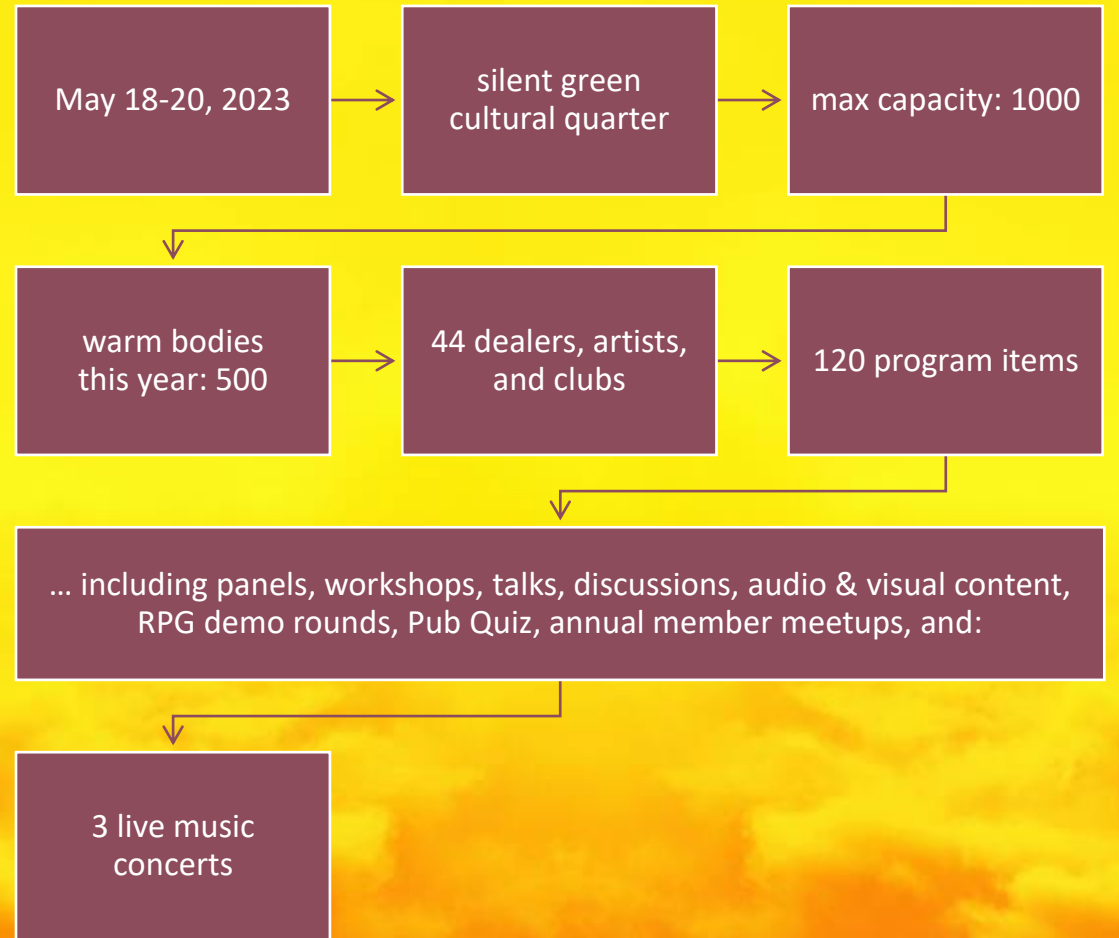

The Recap

Pics

Facts

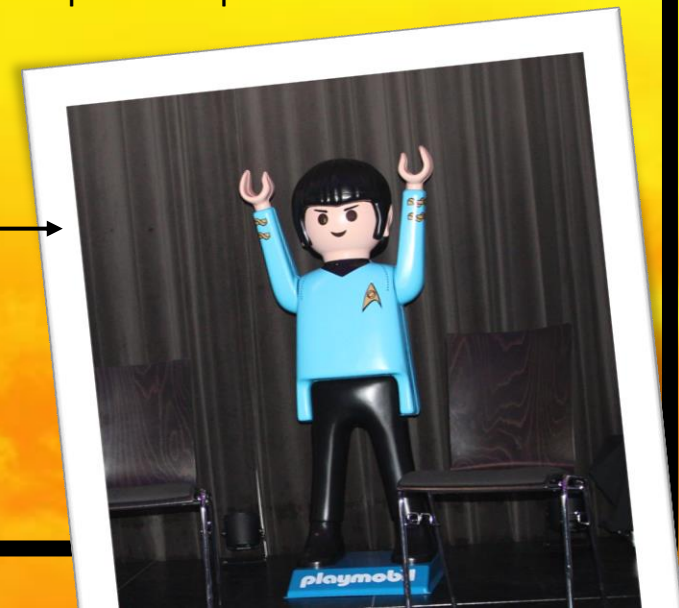

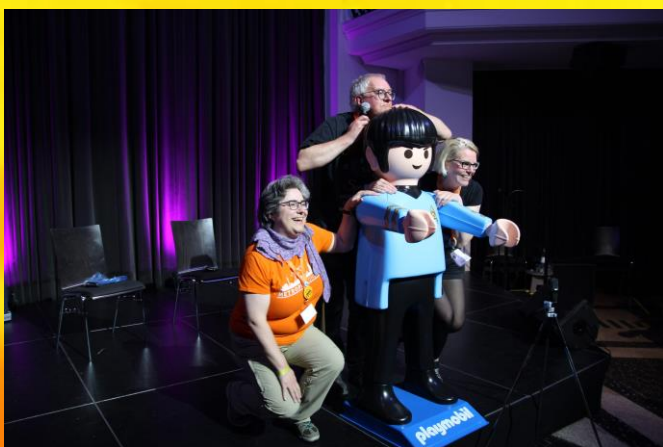

Things to improve & expand for 2026:

- Increase English-language content (was only one sixth this time)
- Connect program and dealers' room better
- Make the bar space cozier and more inviting
- Strive to reach a younger, more diverse audience
- Lower membership rates if at all possible
- Familiarize people with the international/membership model
- More user- and admin-friendly software choices (program, registration/membership)
- Maybe even reduce number of program items
- More low-key, low-barrier, hands-on, community-building items

Things members loved:

- The quality, abundance, and variety of the program
- The science and technology-related items
- The location & its atmosphere & inviting space outside
- The weather
- The tattoo artist's booth
- The little details (e.g. list of program items for speakers on the back of their badge, hygiene products provided in the restrooms)
- The live music items
- Mr. Spock

What are we doing until the bid session in 2024

Date preferably in May/June

Looking at venue alternatives

Suggesting improvements to this venue

Optioning dates

Deciding by the end of 2023

Searching for partnering hotels

Sharpening the vision

Applying for cultural funding

Soliciting sponsors and supporters

Planning smaller events to win more local people (+ online events)

Keeping you updated via newsletter, social media, website

Overhauling the website
